

Project selected in the framework of the call for projects PAN 2022

Area of intervention: Political participation

Project leader	ASTI (Association de Soutien aux Travailleurs Immigrés)
Project title	<i>Ech wielen – I vote</i>
Project duration	01.05.2022 – 31.12.2022 (8 months)

Project description

The project aims to set up an IT tool (website) allowing the user to discover the different aspects of national, European and local elections through fun animations such as a quiz with a multiple choice questionnaire, a drag and drop, as well as a simulation of how to fill in a ballot paper. The project has three components:

1. Updating the content of the "I vote" website developed in 2012 (translation into 4 languages, etc.)
2. The implementation of a fun tool adapted to new technologies by a communication agency
3. The development of a communication kit (video, roll up, etc.) that could be used by the project partners (CEFIS, Zentrum fir politesch Bildung, municipalities, etc.)

Target populations

- New voters: young Luxembourgers and non-Luxembourgers, new residents, new Luxembourgers who have acquired the nationality, etc.
- Migrants who can register on the municipal electoral roll
- CAI signatories
- Any interested person

Project objectives

- Setting up a fun and educational tool that will allow the user to easily and quickly understand the different aspects of our electoral system
- Raising awareness of the importance of voting
- Encouraging non-Luxembourgers to participate in politics
