Terms and conditions

CALL FOR SUBSIDIES 2026

1. General framework

Through the budget item "*Subsidies for projects in the field of intercultural living together and the fight against discrimination*" (item 10.02.33.010), the Ministry for Family Affairs, Solidarity, Living Together and Reception of Refugees (hereinafter referred to as "the Ministry") offers financial support, until the available funds (100.000€) are spent, to non-profit associations, foundations and/or social impact companies that initiate actions in favour of intercultural living together, anti-racism and the fight against discrimination based on race, origin or nationality.

2. Call for projects 2026

As part of the 2026 call for subsidies, we are targeting any type of project aimed at promoting intercultural living together or combating discrimination, particularly racial discrimination. More specifically, we are seeking to support projects aimed at encouraging intercultural encounters between Luxembourg and non-Luxembourg residents, as well as projects targeting cross-border workers.

As far as third places are concerned, we can support any project aimed at strengthening the skills of the people managing these places, or even any activity that does not correspond to a recurring activity of the place.

Grant applications are analysed by the Division Living together according to the criteria described in this document. Internal thematic experts will take part in the selection of projects.
